Title: Consider and Act on approving a bid for replacement chairs for the Civic Center

PURPOSE:

The civic center banquet chairs were damaged with Harvey. The insurance company considered them a total loss and damaged them out at a depreciated value and FEMA kicked in and paid 90% of the estimated balance to replace the chairs with like chairs that have the same specifications as damaged chairs.

The goal is to replace the chairs with similar chairs that have all the same specifications. These are the specifications that were requested in the RFP.

- 1) Commercial Grade
- 2) Upholstered Seat and Back in a dark blue color with stain guard
- 3) 400lb or more weight capacity
- 4) Teardrop Back Design
- 5) Stackable up to 15 high
- 6) Fire Retardant Foam
- 7) 2.5 inch or greater seat cushion
- 8) Protective Plastic Floor Glides
- 9) Ships fully assembled
- 10) Approximate Weight: 12 pounds
- 11) Powdered coated Steel Frame: 14 gauge or higher
- 13) Include ganging system to line chairs in rows

BACKGROUND AND FINDINGS:

We received several bids for this project of which 5 options met both the chair specification requested and the bid specification.
