

# Clean Coast Texas Collaborative Green Infrastructure Workshop

Attend this half-day workshop and find out more about nature-based practices to clean and conserve stormwater for people and wildlife at any scale: **business or home, urban/suburban or industrial, local or regional.**

Local elected officials, municipal representatives, county staff, landowners, and facilities managers will benefit from attending. Speakers will focus on the why and the how of green infrastructure practices.

**DEC 7, 2021 9:00 AM—12:00 PM Aransas Pass Civic Center Check-in at 8:30 AM**

## TOPICS:

Guidance for sustainable stormwater drainage on the Texas Coast.

Collecting and cleansing stormwater at home and in the local neighborhood.

Using wetlands in flood control basins to enhance water quality and wildlife habitat.

Protecting and restoring large-scale wetlands and natural areas for flood control and water quality benefits.

**There is no cost to attend, but in-person seating is limited.**

Registration is required. Choose to attend in-person or online.

**CONTINUING EDUCATION HOURS AVAILABLE FOR AICP CM OR CFM CREDITS.**
